Subject: Extreme Pro-Abortion Votes Cast by Local Representatives

Contact: Tim Broderick, People for Life Executive Director (814) 882-1333

Yesterday, December 17, Pennsylvania state representatives Harkins, Merski, and Bizzarro voted to remove all limitations on elective abortion up until full-term delivery. The measure was passed by a vote of 102 to 101. This was a shocking act of raw pro-abortion extremism that cannot be overlooked or rationalized. The bill is the first step toward a state constitutional amendment that would define abortion killing as a constitutional right in Pennsylvania, precluding even minor abortion regulations and requiring taxpayer funding of abortion. The reckless actions of these three Erie-area state representatives are both shameful and reprehensible.
